Father Andrew White Students – Community Service

On Saturday, October 8, 2011, from 9:00 a.m. to noon, eight, 8th grade students from Father Andrew White donated their time to wash and vacuum fifteen police vehicles at the St. Mary's County Sheriff's Office. Father Andrew White School requires 8th graders to complete thirty (30) hours of community service in four different areas (school, church, community and family) prior to graduating on to high school.

Hanna Willenborg, a student at Father Andrew White, suggested the idea of washing police cruisers to her fellow classmates and then made arrangements with the Sheriff's Office.

"We commend the students for their service to the community and were delighted by their offer to help the Sheriff's Office. The students worked hard and did a fantastic job cleaning our cruisers."
(Captain E. Willenborg, Patrol Commander)
